I took German from 7th grade in middle school through 11th grade Junior year of high school. I'm currently a sophomore in college and remember Hasan, Treffpunkt Berlin, and the sorts. God, I miss all of that. I recently tried searching for the old Hasan fan site but got nothing but a big ol' error 404. I miss Hasan and Treffpunkt Berlin, what a good series. Such good lore behind it and the story was all very wholesome.

I'd like to see Hasan in a reboot of Treffpunkt Berlin but as a side character or re-occurring character such as Herr Kaiser. Or maybe a whole different series for the new Treffpunkt Berlin but Hasan is a grown-up character and maybe runs a basketball school or Cafe Julia.

I believe Hasan should play the lead role in a romantic comedy where all the now-college-student members of Treffpunkt Berlin live in the same dorm building. Plenty of fun for the whole family. If not that then he should star as the silent, cruel killer in a horror movie called Deathpunkt Berlin.

It's been a good run with you, Hasan. Just finished Kap. 24.

I yearn for the day that Hassan will grace us with his presence in the world of nature documentaries. David Attenborough..... watch out.

Hasan is a saint. God bless his enlightened soul. Many years before I was graced by Hasan, I was in critical condition in the hospital. In the years following I had to relearn how to walk. The only motivation that supported me through those trying times, was Hasan. His smile. Oh lord his smile. When I finally began practicing without the crutches, I pinned a picture of him on the wall on the other side of the room and practiced stumbling forward. Any perseverance is worth getting just a few steps closer to his charismatic visage. I would not be the man I am today without his light,

Thank you Hasan.

I became enraptured by Hasan's strikingly emotional performance in the cult classic Café Julia; he touched my heart, my soul."

I want to see every character on Game of Thrones be recast right now and have Hasan be given every single part. Hasan is the only human alive capable of reaching deep enough into his mind to portray these characters as they go through their trials and tribulations.

Hasan has led me to the path of true enlightenment.

Hasan is the best thing that ever happened to me. When I was weak, Hasan was there to give me strength. When I felt like I didn't have a purpose, Hasan gave me a reason to live. So in conclusion of my utter adoration for this beautiful soul that has been gifted to us from the very heights of Heaven, I would like to thank him for all that he has contributed to this rotating sphere we call Earth. Hasan is such an inspiration. He is such a large influence in my life.

👍👍 ALL HAIL HASAN! 👍👍 His supreme basketball skills motivate me to improve and challenge myself in my day to day life. Without Hasan, I would be a crumbling ruin of a person. I'd become homeless, roaming from classroom to classroom, begging for a few scraps of AlmostChicken(TM). 🙏🙏 Without Hasan, I would become asymmetrical garbage. Just take me out to the curb on garbage day. In short, Hasan is my life. Without him I would be nothing.
